OF

PINK HILL HIGH SCHOOL  
PINK HILL, NORTH CAROLINA

## FOREWORD

We, the annual staff of '58, are proud to present the 1958 Hornets' Nest. We have tried to give some idea of the most important activities of the past year. We hope, as you look back through these pages, that they will always be a source of happy memories.

The Annual Staff

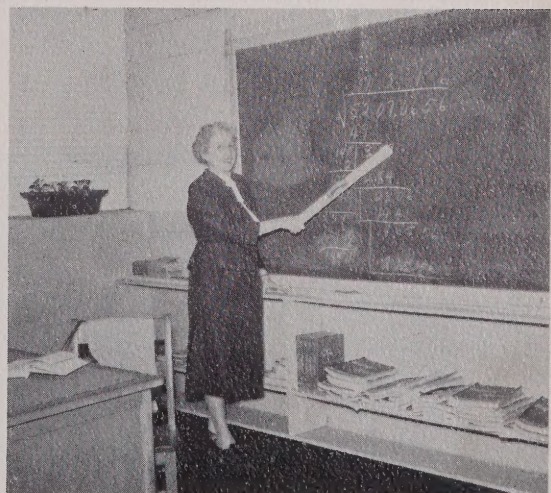

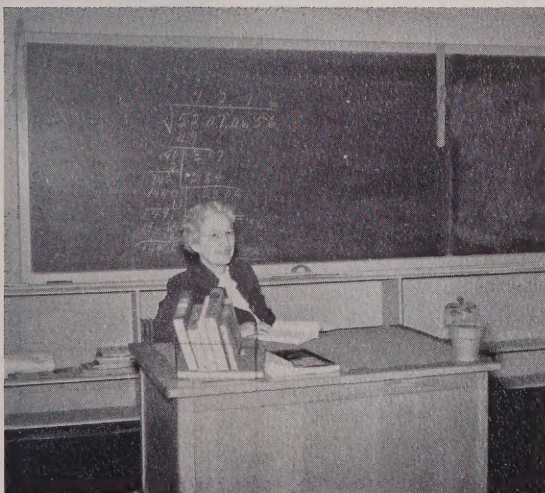

# D E D I C A T I O N

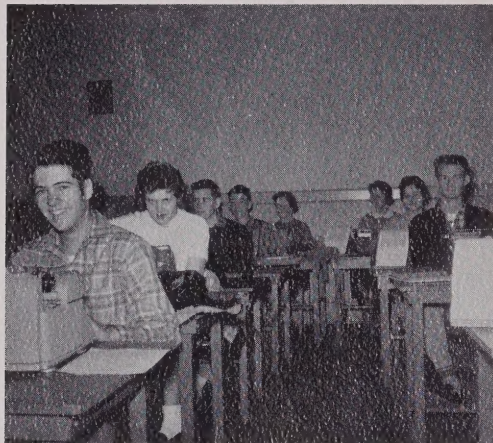

To love someone more dearly every day,  
To help a wandering child to find his way,  
To ponder over a noble thought, and pray  
And smile when evening falls,  
This is my task.

With love, we humbly dedicate this 1957-58 annual to our  
beloved friend and teacher, Miss Lottie Ann Williams.

**administration**

PRINCIPAL COYE LEWIS works well with the students to promote a better school.

MRS. GRACE CARTER, school secretary, is an aid to the Principal.

THE SCHOOL BOARD members are: W. E. Brewer, Lynwood C. Turner, Quentin Stroud, Currin Howard, John M. Noble.

MISS MERLE SCOTT, Elementary Schools Supervisor, continues her great work in aiding teachers with their problems.

MR. H. H. BULLOCK, Superintendent of Lenoir County Schools, helps lead our schools to the best of education.

THE LENOIR COUNTY BOARD OF EDUCATION spend their time to promote education in our county. From left to right are: Earl Kinsey, Forest Waller, Elmer S. Wooten, Melvin Jones, and Preston Harper.

MR. and MRS. THURMAN HARDISON  
help keep our school warm and clean.

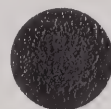

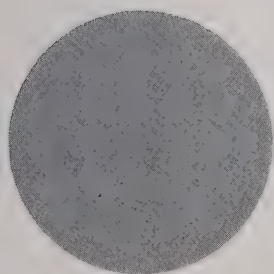

ELISE CARR helps keep our buildings  
and grounds clean for the students to enjoy.

The cafeteria workers, MRS. CARRIE KING, MRS. CARRIE HINES WESTON, MRS. JOSEPHINE TYNDALL, and MRS. R. E. HICKS, Manager, serve us good and wholesome meals.

## YOUR CAREER AND YOUR FUTURE

Every 12 or 13 seconds, a baby is born in the United States. Nearly 300 new citizens join our ranks every hour. This rapid population growth, plus the constant increase in our standard of living, have accelerated the need to produce more goods and services.

Companies like Du Pont, in turn, have increased research and development, constantly improving processes and facilities, in order to keep up with growing demands. These facts are significant to high school graduates planning to continue their education.

Your career and your future are closely linked with scientific progress. But, this progress can be maintained only if you prepare yourself today for the world of tomorrow.
